

Ethylene glycol bis(3-mercaptopropionate) / EGDMP

[View Details](#)

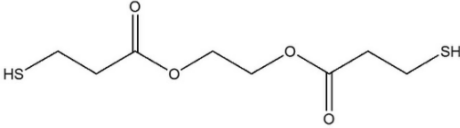

Introduction

CAS NO. 22504-50-3

Classification

Coating & Adhesive ->UV materials

Product Description

Product Name	Ethylene glycol bis(3-mercaptopropionate) /EGDMP
CAS NO.	22504-50-3
Molecular Formula	C ₈ H ₁₄ O ₄ S ₂
Structural Formula	
Molecular Weight	238.32
Appearance	colourless and transparent liquid
Assay	≥94%
Color	≤40
Volatile	≤0.3%
Application	Used in organic synthesis intermediates; UV coating, printing ink, adhesive, such as polymerization of modifier, crosslinking agent, acidic ion exchange catalyst, low temperature curing agent.
